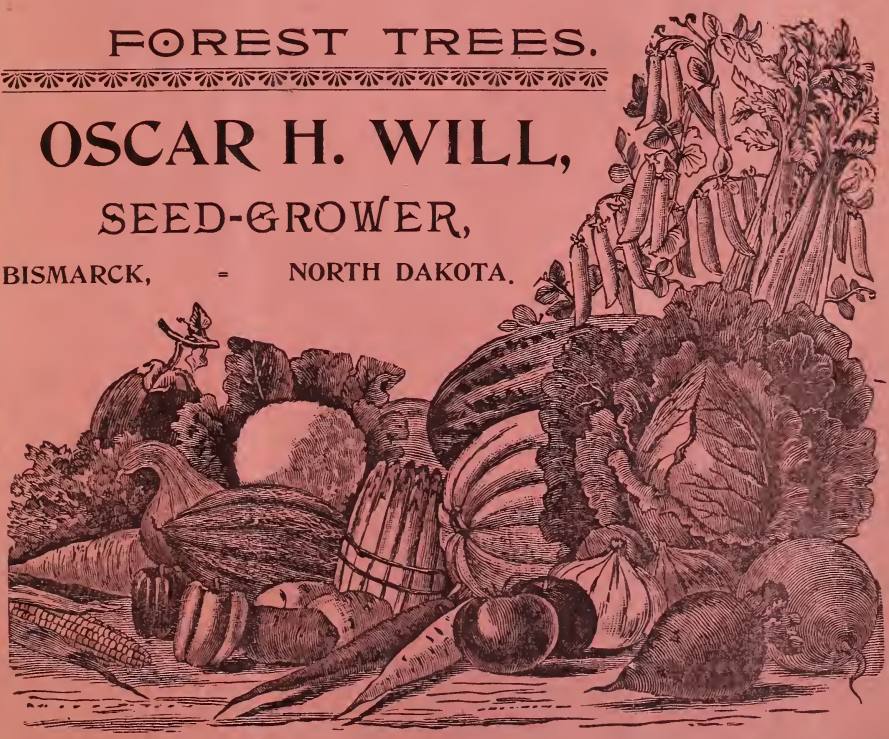
Gooseberry Bushes,
Bullberry Bushes,
Vegetable Plants,
Fruit Trees and

FOREST TREES.

OSCAR H. WILL,

SEED-GROWER,

BISMARCK, = NORTH DAKOTA.



PLANT NORTHWESTERN GROWN SEEDS.

They Are Earlier, More Hardy, More Vigorous and More Productive Than Those Grown in Lower Latitudes.

In presenting my Eleventh Annual Catalogue of **Northwestern Grown Seeds, Trees** and **Plants** for 1894 to my patrons and the public in general, I desire it understood that by planting anything offered herein, you will be trying no experiment as I offer nothing but what has been given thorough trials. You may be disappointed not to find some varieties that are "boomed" by other seedsmen, if so you may be assured there are good reasons for the omission. It is far better to be disappointed now than at harvest time. I wish to call particular attention to my **Improved Beet, Rocky Mountain Squash, First of All Peas, Early Dakota Sugar Corn, Gehu and Pride of Dakota Field Corn**; all very early and excellent varieties.

Please notice also my list of native **Forest Trees** and tree seeds and small fruits. currants, gooseberries and raspberries are perfectly hardy and produce abundant crops.

HOW TO SEND MONEY.

Money can be sent safely either by **Postoffice Order, Bank Draft, Express or Registered Letter**. If your order amounts to one dollar or upwards, always send by one of the above methods, at our risk and expense.

We are responsible only for the safe receipt of remittances by the above methods. **We do not guarantee** against loss of currency, stamps and postal notes sent in ordinary letters.

Every postmaster is obliged by law to register a letter on payment of eight cents, and then you will **receive our receipt for the letter by return mail.** We accept **Postage Stamps** the **same as Cash.**

SEEDS POSTPAID BY MAIL.

Remember that our prices in Catalogue **Include Prepayment of Postage** by us on all seeds ordered by the **Packet, Ounce, Pound, Pint or Quart. Deduct Eight Cents per Pound and Fifteen Cents per Quart on Seeds Ordered by Express or Freight.**

SEEDS SENT BY EXPRESS OR FREIGHT,

MEANS: That we deliver the seeds to the express or railroad company in Bismarck. The purchaser pays all transportation charges on receipt of goods. **No Charge for Bags or Boxes** containing trees or seeds from this **Catalogue.**

WARRANTY.

We test all Seeds before sending them out, but in case they fail to grow when tested by purchaser, we will replace them or give value in others, but can in no manner warrant the crop or be responsible for other failures.

$25.00 IN CASH FOR LARGEST YIELDS PER ACRE OF GEHU CORN.

$15.00 for the best acre. $10.00 for the second best acre.

CONDITIONS OF COMPETITION.

Not less than one-eighth bushel of the corn must be purchased of me, each purchase of one-eighth bushel or more will contain a blank which must be preserved until after harvest, at which time competitor must fill out certificate with necessary information; same to be sworn to before a notary and forwarded to me not later than Oct. 20th, 1894.

SEVEN HIGHEST YIELDS OF LINCOLN OAT FROM A SINGLE BUSHEL IN 1893.

A. M. Hightower, Stevensville, Mont..174.19 bus.
J. F. Wood, Stevensville, Mont.....123.08 bus.

R. N. Lewis, Red Hook, N. Y..... 76.16 bus.
G. L. Gordon, Willow Creek, Mont.....168.22 bus.
R. L. Bradley, Padilla, Wash.....120.13 bus.
R. N. Young, Sheldon, Mon. ..... 75.21 bus.

DISCOUNTS ON SEEDS IN PACKETS.

Purchaser can select seeds in packets only, to the value of $1.50 for each $1.00 remittance. This offer positively does not apply to seeds by the ounce, pound or quart.

SPECIAL PRICES.

Market gardeners and others who buy large quantities of seeds will save money by writing for special prices.

ADDRESS ALL ORDERS TO OSCAR H. WILL, BISMARCK, NORTH DAKOTA.

OSCAR H. WILL'S

Northwestern Grown Tested Seeds.

SEEDS POSTPAID BY MAIL.

Prices in the following list include Postage, which I will prepay on all Seeds by the packet, ounce, pound, pint and quart. Purchasers must always add 10 cents per quart on Onion Sets sent by mail. If seeds are ordered by express or freight, deduct 8c per pound and 15c per quart from list price.

Asparagus.

CONOVER'S COLOSSAL. An old, well-known sort. Pkt. 5c; oz. 10c.

Beans—(Bush.)

IMPROVED GOLDEN WAX. One of the best dwarf beans grown; pods are large, long, brittle and entirely stringless, of a rich, golden wax color, and six days earlier than the ordinary wax; very fine both as a snap bean and a shell bean for winter use. Pkt. 5c; qt. 40c.

EARLY GOLDEN-EYED WAX. Superior to any Wax Bean ever offered. It is earlier, vigorous, copious bearer, tender and rich, and has never been known to rust or spot. Pkt. 5c; qt. 40c.

HENDERSON'S BUSH LIMA. Grows without the aid of sticks or poles, in compact bush form, about 18 inches high, and produces enormous crops of delicious Lima Beans, which can be as easily gathered as the common garden Bush Beans. Is at least two weeks earlier than any of the climbing Limas. Per pkt. 5c; 6 pkts. 25c; qt. 50c.

IMPROVED DWARF HORTICULTURAL. A half Bush variety, very prolific; an excellent substitute for pole horticulture. Pkt. 5c; qt. 40c.

GERMAN BLACK WAX. One of the best varieties; delicious and productive. Pkt. 5c; qt. 35c.

WHITE WAX. Pods yellow and of good quality; white seed. Pkt. 5c; qt. 40c.

WHITE NAVY. Pkt. 5c; qt. 35c; peck $1.00.

WHITE WONDER. The White Wonder Bean is better in every way than the White Navy, and is from ten to fifteen days earlier. Will yield more than double, all things being equal. Pkt. 5c; qt. 35c; peck $1.00; bu. $3.00.

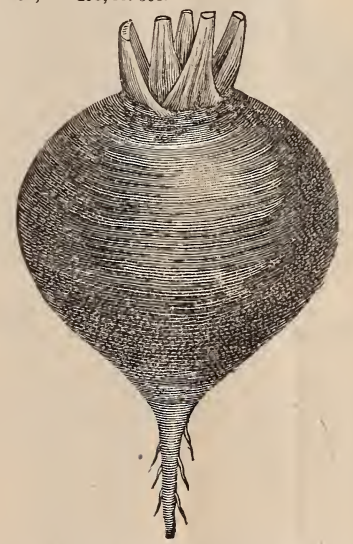
Beans—(Pole.)

EXTRA EARLY LIMA. Does not differ materially from the common sorts, except in earliness; in this it has the advantage of from ten days to two weeks. Pkt. 5c; qt. 45c.

Beet.

ECLIPSE One of the best beets in cultivation, especially for market gardening. Pkt. 5c; oz. 10c; lb. 50c.

LONG BLOOD RED. A popular winter sort. Pkt. 5c; oz. 10c; lb. 50c.



WILL'S IMPROVED BLOOD TURNIP. The blood turnip beet is known the world over as a most desirable variety, and there are any number of strains, good, bad and indifferent. Having grown what I consider the most desirable and carefully selected of all these various stocks, I have for several years been supplying it to thousands of my customers to their entire satisfaction. It is nearly as early as the Egyptian, but surpasses the latter variety in flavor. Color, a rich, dark red; roots, fine grained, globular-shaped, with small top. Free from side or fibrous roots, always remarkably smooth. Excellent for forcing and a very superior keeper, thus making it also desirable for winter use. Cooks sweet, tender and crisp, and in every way may be considered the standard sort for the market and home gardener. Has made good crop 7 weeks from sowing. Pkt. 5c; oz. 10c; ¼ lb. 25c; 1 lb. 75c; 5 lbs. $3.75.

Will's Gehu Corn, Earliest and Best.

Beet.—(*Continued.*)

DEWING'S EARLY BLOOD TURNIP. A dark red, turnip-shaped, with large top; flesh, carmine, red, sweet and good. Pkt. 5c; oz. 10c; lb. 50c.

EDMUND'S IMPROVED TURNIP BLOOD. Pkt. 5c; oz. 10c; lb. 50c.

CHAMPION WHITE SUGAR. An improvement on the sugar beets, hardier than the other varieties, and containing a greater percentage of sugar. Pkt. 5c; oz. 10c; lb. 50c.

Beet.—(Mangel Wurzel.)

GOLDEN GIANT.—See Third Page of Cover.

Beet.—(*Continued.*)

GOLDEN TANKARD. In color it is a deep yellow throughout. It is a heavy cropper and is considered indispensable by the best dairymen. It is also equal to the best variety for table use, being very sweet and tender. Pkt. 5c; oz. 10c; lb. 50c.

MAMMOTH LONG RED. A particularly fine stock of Mangel. The roots attain enormous size. Pkt. 5c. oz. 10c; lb. 45c.

YELLOW GLOBE. Roots of large size and globular form; adapted for growing on shallow soil. Pkt. 5c; oz. 10c; lb. 45c.

Cabbage.

ACME FLAT DUTCH CABBAGE.—*Showing its even habit of growth.*

ACME FLAT DUTCH CABBAGE.

THE ACME is entirely distinct from the *Premium Flat Dutch Cabbage*, and differs from all other strains of Late Flat Dutch in that it is *quicker growing* (earlier to mature), hence can be started later. It is extremely handsome in appearance, as indicated by the illustration above, which also shows its low-growing character,—the stumps being very short. The well developed heads are *true to type* and uniform in color, which is an attractive bluish green. The heads measure about thirteen inches across and weigh from ten to twelve pounds each. The **Acme** *comes very true*, and is **a sure header**; the heads are of good, marketable size, hard, solid, and fine-grained. A very superior Cabbage for autumn and winter use.

NEW EXPRESS. Earliest of all. Produces fair-sized heads in eighty to eighty-five days from sowing of seed. An important acquisition for the market gardener and those who grow cabbage for early market. Pkt. 5c; oz. 15c; lb. $2.00.

SURE HEAD. Always sure to head, very hard and firm, and of fine texture. It has comparatively few leaves, keeps well and is a good shipper. Pkt. 10c; oz 15c; lb. $1.50.

ALL SEASONS. Same type as Henderson's Early Summer, decidedly larger and not so liable to burst after heading. Pkt. 5c; oz. 25c; ¼lb. 60c.

SELECTED EARLY JERSEY WAKEFIELD. Among its merits may be mentioned its large size of head, small outside foliage, and its uniformity in producing a crop. Pkt. 5c; oz. 15c; ¼lb. 50c; lb. $2.00.

HENDERSON'S EARLY SUMMER. This is an old popular sort with market gardeners. It follows the Wakefield. Pkt. 5c: oz. 15c; ¼lb. 50c.

FOTTLER'S IMPROVED BRUNSWICK. This has proved to be a most excellent acclimated second early variety. It is low on the stump, heads solid and compact. Pkt. 5c; oz. 10c; lb. $1.40.

MARBLEHEAD MAMMOTH. This is without doubt the largest variety of the cabbage family in the world. Under high culture it is compact and hard. Its size is indeed mammoth. Pkt. 5c; oz. 25c; ¼ lb. 50c; lb. $2.00.

RED DRUMHEAD. For pickling. Pkt. 5c; oz. 10c.

Do Not Miss Will's Golden Giant Mangel.

Cabbage—(*Continued.*)

WILL'S SELECTED PREMIUM FLAT DUTCH. Largest of the late varieties; remarkably hardy; a sure header, and for fall and winter, home or market use, has no superior, as it retains its freshness and flavor until late in the spring. This is a highly improved strain, the result of careful gathering from selected heads for consecutive years, and is of superior quality. Pkt. 10c; oz. 25c; ¼ lb. 75c; lb. $2.50.

Cauliflower.

HENDERSON'S EARLY SNOWBALL. An early variety producing magnificent heads of good quality. Pkt. 10c.

EXTRA EARLY PARIS. One of the earliest and best varieties; heads large, white and compact, of fine quality. Pkt. 5c; oz. 50c.

Carrot.

GUERANDE, or OX-HEART. A decided improvement in shape. It is intermediate between the Danvers Half Long and Short Horn varieties. Valuable for family and market gardens. Pkt. 5c; oz. 10c; lb. $1.

EARLY HORN. A favorite sort; much esteemed for early summer use. Pkt. 5c; oz. 10c; lb. 75c.

DANVERS HALF LONG. Stump rooted. A variety intermediate in size, of excellent quality, and a great yielder. Pkt. 5c; oz. 10c; lb. 75c.

LONG ORANGE IMPROVED. The roots are of enormous size; a decided improvement on the old-fashioned orange sort. Pkt. 5c; oz. 10c; lb. 60c.

Celery.

GOLDEN SELF BLANCHING. A distinct variety of sturdy habit and rich golden color. Pkt. 10c; oz. 35c.

WHITE PLUME. Inner stalk and leaves are naturally white, and do not require blanching by the old process. Pkt. 5c; oz. 25c.

CELERIAC, OR TURNIP ROOTED. Used principally for seasoning meats and soups. Pkt. 5c.

Popcorn.

QUEEN'S GOLDEN. A golden yellow variety of dwarf habit, produces from two to four ears on a stalk. The very best. Pkt. 5c; pint 25c; qt. 40c.

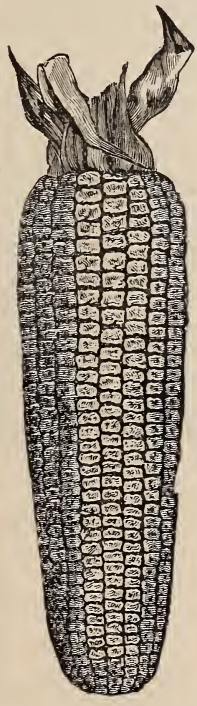
WHITE RICE. Well known old variety. Pkt. 5c; pt. 25c; qt. 40c.

Sweet Corn.

THE CORY. Resembles the Marblehead in appearance, but the ears are much larger and much sweeter. Pkt. 5c; qt. 40c.

EARLY MINNESOTA. Pkt. 5c; qt. 35c; peck $1.00.

STOWELL'S IMPROVED EVERGREEN. The standard late sort, remaining longer in the green state than any other. Pkt. 5c; qt. 35c; peck $1.00.



Early Dakota Sugar Corn.

A white sweet corn, the result of a careful selection for many years, as early as the Cory; ears much larger, and the sweetest of them all. Every stalk producing two ears, and many of them three the past season. None better and few equal for either market garden or private use. Pkt. 5c; qt. 40c; peck $1; bu. $3.

ROASTING EARS 55 DAYS FROM PLANTING

You cannot afford to omit this from your order.

Cucumber.

EARLY WHITE SPINE. An excellent variety for table; a great bearer; a favorite with market growers. Pkt. 5c; oz. 10c; lb. 60c.

EARLY CLUSTER. Good for table use but not adapted for pickling. Pkt. 5c; oz. 10c; lb. 60c.

EARLY FRAME. A good variety for pickling and table; of medium size. Pkt. 5c; oz. 10; lb. 60c.

BOSTON PICKLING; A distinctive variety which has attained a great degree of popularity as a pickle. Pkt. 5c. oz. 10c; lb. 60c.

IMPROVED LONG GREEN. Produced by selection from the Long Green. Vines vigorous and productive, forming fruit fit for the table nearly as early as the shorter sorts. Pkt. 5c. oz. 10c; lb. 60c.

Egg Plant.

NEW YORK IMPROVED. The leading variety for market and table; fine quality. Pkt. 10c.

Endive.

GREEN CURLED. Leaves six or eight inches long, and finely cut and curled. Easily blanched and hardy. Pkt. 5c.

Kohl Rabi.

EARLY WHITE VIENNA. Flesh white, tender and succulent when young. The best for table Pkt. 5c.

Kale.

GREEN CURLED SCOTCH. A very useful variety, growing about 18 inches high. Pkt. 5c.

Lettuce.

The Sensation Lettuce.

This remarkable new candidate appeals not only to the shrewd market gardener but to every owner of a home garden who may desire something extra choice in quality. It was distributed in a small way last season and many hundred of letters have been received from both market and family gardeners, who all agree in pronouncing it the best lettuce they have ever grown for forcing, and equally valuable for growing in the open ground during the hottest summer months. It is a beautiful light yellowish-green color, leaves much blistered on the surface, and of very superior even quality. It has the peculiarity of forming a solid head, even before half grown. It is the shyest seeder of any lettuce we have ever grown, and is necessarily high in price. Prices: pkt. 10c; oz. 40c; ¼lb. $1.25. lb. $4.00.

HENDERSON'S NEW YORK. This is a remarkable summer lettuce, and is also well adapted to forcing. Plants grown in open ground reach the enormous weight of three and four pounds each, and solid as a cabbage head. Pkt. 5c; oz. 25c.

EARLY TENNISBALL. Forms a close, hard head, the best forcing sort. Pkt. 5c; oz. 10c; lb. $1.00

CURLED SIMPSON. Leaves very large and form a compact mass rather than a distinct head; superior quality. Pkt. 5c; oz. 10c.

HANSON. A superior curled heading variety, of large size, sweet, tender and crisp. Pkt. 5c; oz. 10c; lb. $1.00.

WHITE CABBAGE OR WHITE BUTTER. A favorite; produces fine heads. Pkt. 5c; oz. 10c; lb. $1.00.

Tomhannock.

As shown in the illustration, the Tomhannock Lettuce forms a beautiful plant. The leaves grow upright, the upper part of the outer leaves turning out very gracefully, and are handsomely wrinkled. It grows very quickly, is ready to cut early and remains for weeks of the finest quality, being slow to run to seed. Pkt. 5c; oz. 10c.

Leek.

LARGE LONDON OR FLAG. Pkt. 5c.

Water Melon.

MOUNTAIN SWEET. Fruit, large and oblong; flesh, red, solid and very sweet; a delicious and very desirable standard variety. Pkt. 5c; oz. 10c. lb. 60c.

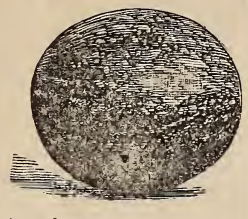
PEERLESS. The best melon for general use; rind thin, flesh bright scarlet, solid in the center. Pkt. 5c; oz. 10c; lb. 60c.

CUBAN QUEEN. One of the largest varieties; flesh bright red, tender and melting. Pkt. 5c; oz. 10c; lb. 60c.

PHINNEY'S EARLY. A valuable variety for use at the north; hardy and a sure cropper; rind thin; flesh pink, very sweet. Pkt. 5c; oz. 10c; lb. 60c.

Gehu Corn Grows Seven Feet High.

Water Melon.—(*Continued.*)



WILL'S SUGAR. A small melon, oval in shape, color mottled with dark and light green; flesh bright red, perfectly solid, very sweet, and of delicious flavor, often so full of saccharine that bits of dry pulp show a coating of sugar.

WILL'S SUGAR MELON is a cross between Phinney's Early and Hungarian Honey, both very early Melons and is without a doubt the earliest water melon on earth. Will mature anywhere in North America south of the 50th parallel. If you want the most delicious water melon ever introduced do not fail to include Will's Sugar in your order. Pkt. 10c; oz. 50c.

CITRON. A round, handsome fruit of small size; used in making sweetmeats and preserves. Pkt. 5c; oz. 10c, lb. 60c.

COLORADO PRESERVING MELON. Quite distinct from the ordinary preserving citron. It is immensely productive; one vine produced twenty-five melons weighing from 15 to 40 pounds each, in a dry season. Pkt. 5c; oz. 10c; lb. 60c.

Musk Melon.

MILLER'S CREAM.

The finest flavored melon in cultivation and the best melon grown for the market gardener, for the trucker, for the farmer, or for the small planter. Without question the sweetest of all melons. The flesh is of a rich salmon color, very sweet and melting in quality, and is so very thick that the melon is almost solid, the seed cavity being remarkably small. Pkt. 5c; oz. 10c; lb. $1.00.

EMERALD GEM. This is a small nutmeg melon, a very prolific bearer, sweet and delicious flavor. Pkt. 5c; oz. 10c lb. 75c.

HACKENSACK. Deeply netted, very large, productive, of excellent flavor. Pkt. 5c; oz. 10c; lb. 60c.

SKILLMAN'S NETTED. Form roundish oval; flesh deep green, sweet and richly perfumed; a delicious variety. Pkt. 5c; oz. 10c; lb. 60c.

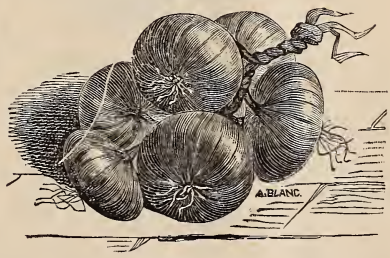
Mustard.

BROWN AND WHITE. Pkt. 5c; oz. 10c; lb. 50c.

Onion.

I desire to call attention to the fact that I am leader in this article. There is not a seedsman on earth who selects his ONION SEED stock with so much personal care and attention. The onion crop in this locality will bear witness to this fact as will the best growers, including Mr. G. Heuber, gardener of this city, and Mr. K. W. Adams of Painted Woods, N. D. My crop of 1893 is unusually plump and heavy and if possible superior to any other ever offered.

GOLDEN QUEEN.



A very handsome yellow variety of vigorous habit, producing large, showy onions of finest quality. GOLDEN QUEEN will produce more hard cash per acre than any other variety in cultivation. An excellent keeper. Pkt. 10c; oz. 25c; lb. $2.00.

NEW QUEEN. A remarkable keeper and rapid grower. Sown in May will produce onions two inches in diameter before July 1st. Pkt. 5c; oz. 20c; lb. $2.00.

LARGE RED WETHERSFIELD. The staple variety of the Northwest; of large size, deep in color; and an excellent keeper. Pkt. 5c; oz. 15c; lb. $1.75.

EXTRA EARLY RED. Ripens ten days earlier than the above. An excellent variety. Is the main crop of the market gardeners in this valley, besides being very early they never run to BIG NECK as is apt to be the case with other varieties in cold wet seasons. Pkt. 5c; oz. 15c; lb. $1.75.

YELLOW GLOBE DANVERS. A very excellent variety of globular shape; flesh white and mild flavored, skin brownish yellow. It is very productive and a good keeper. Pkt. 5c; oz. 15c; lb. $1.75.

LARGE RED GLOBE. A fine globe-shaped onion of superior quality. Pkt. 5c; oz. 15c; lb. $2.00.

WHITE PORTUGAL, OR SILVER SKIN. A handsome onion of mild flavor, but not a good keeper; extensively grown for pickling. Pkt. 10c; oz. 25c; lb. $3.00.

WHITE GLOBE. Similar to the preceding in shape, skin white, mild and pleasant in flavor, and keeps well. Pkt. 5c; oz. 25c; lb. $3.00.

The Ears of Gehu Corn Grow Two Feet From the Ground.

Onion Sets.

My crops of onion sets are well matured and uniform in size. Please observe that prices are very reasonable, quality considered, as compared with prices of other houses.

Add 10 cents per quart for postage.

RED. Per qt. 20c; peck, $1; bu. $4.

YELLOW. Per qt. 20c; peck, $1; bu. $4.

WHITE. Per qt. 25c; peck, $1.50; bu. $5.

Okra.

DWARF GREEN. Earliest and best for the North. Pkt. 5c.

Parsley.

MOSS CURLED. One of the handsomest. Pkt. 5c; oz. 10c.

Parsnip.

ABBOTT'S IMPROVED. One of the very best parsnips grown, either for stock or the table. Pkt. 5c; oz. 10c; lb. 50c.

IMPROVED GUERNSEY. A heavy cropper, roots very smooth, flesh fine grained, and of excellent quality; roots do not grow quite as long as the Hollow Crown, but are of greater diameter and more easily gathered. Pkt. 5c; oz. 10c; lb. 60c.

Pumpkin.

This pumpkin is thoroughly established, distinct from all other varieties in cultivation, and its fine quality, good keeping qualities and convenient size make it one of, if not the very best of all, for pumpkin pies. Pkt. 5c; oz. 20c.

CONNECTICUT FIELD. Pkt. 5c; oz. 10c; lb. 35c.

SWEET SUGAR. One of the best for table. Pkt. 5c; oz. 15c; lb. 75c.

SWEET POTATO. A general favorite wherever known. If you want the best pumpkin known for cooking purposes, try the Tennessee Sweet Potato. Pkt. 10c; oz. 15c.

Peas.

PRINCE ALBERT. See last page of cover.

AMERICAN WONDER. A cross between the Champion and Little Gem types, a sufficient guarantee of its superior qualities; a most excellent pea; grows ten inches high. Pkt. 5c; qt. 50c.

WILL'S "FIRST OF ALL"

has proved itself the earliest pea in cultivation in this vicinity; besides being early it is wonderfully productive. It is also an even cropper; can be cleaned at two pickings. For succession sow a crop every two weeks from early spring until July or August, and you will have peas the whole season. Pkt. 5c; qt. 40c; peck $1.50.

MCLEAN'S LITTLE GEM. A leading favorite for garden use; a green wrinkled pea, quite early, productive, flavor excellent, may be planted close, one foot high. Pkt. 5c; qt. 40c; peck, $2.00.

BLUE PETER. Habit like Tom Thumb, but more robust, almost as dwarf, and immensely productive. Pkt. 5c; qt. 40c.

TELEPHONE, This strong grown, sweet, wrinkled pea is driving out of the local market the common kinds of early hard peas, owing to its strong growth, large handsome, well filled pods, and very fine table quality. Pkt. 5c; qt. 40c.

YORKSHIRE HERO. Unsurpassed for sweetness and delicious flavor. Pkt. 5c; qt. 40c; peck $1.00.

CHAMPION OF ENGLAND. A variety possessing merit of high order. Pkt. 5c; qt. 40c; peck, $1.00.

BLISS' EVERBEARING. Pods three to four inches in length, containing six or seven rich, marrowy and sugary wrinkled peas of rare excellence. As indicated by the name, it is almost a perpetual bearer. Pkt. 5c; qt. 40c; peck, $1.75.

WHITE MARROWFAT. A favorite marrow sort. Qt. 30c; peck, $1.25; bu. $3.00.

BLACK-EYED MARROWFAT. This, as well as the preceding, is extensively grown as a field pea, hardy and productive. Qt. 30c; peck, $1.25; bu. $3.

Pepper.

RUBY KING. Pkt. 5c.

LARGE BELL, OR BULL NOSE. An early variety of mild flavor; rind thick and fleshy. Pkt. 5c; oz. 25c.

SWEET MOUNTAIN, OR MAMMOTH. Much like Bell, perhaps a little larger. Pkt. 5c; oz. 25c.

CAYENNE. Long, slender, pungent. Pkt. 5c; oz. 25c.

GOLDEN DAWN. A magnificent yellow pepper of the Bell class, very productive. Pkt. 5c.

Radish.

CHARTIER. A very handsome rose-colored radish tapering to white near the tip. It is of good size, very tender and remarkably free from pith. It remains in eating order a long time. Pkt. 5c; oz. 10c; lb. 60c.

Plant Will's Rocky Mountain Squash! It's the Best.

Radish.—(*Continued.*)

EARLIEST CARMINE.

The earliest forcing radish known. It succeeds in the open ground, and takes only 20 to 22 days to form. Pkt. 5c; oz. 10c; lb. 65c.

WHITE STRASBURG. It is one of the quickest growing of all radishes, both skin and flesh pure white. Pkt. 5c; oz. 10c; lb. 65c.

LONG SCARLET SHORT TOP. The standard variety. Pkt. 5c; oz. 10c; lb. 50c.

SCARLET TURNIP. Excellent for summer use. Pkt. 5c; oz. 10c; lb. 50c.

FRENCH BREAKFAST. Quick growth, very mild and tender. Pkt. 5c; oz. 10c; lb. 50c.

WHITE TURNIP. A summer variety of mild flavor. Pkt. 5c. oz. 10c; lb. 50c.

Felton's Model Box Radish.

This is an improvement on the popular **Philadelphia White Box Radish.** It is the **earliest and best White Radish** for either the home or market gardener. Its handsome form is well shown in the photograph above. It is equally valuable for forcing or growing in open ground at any season of the year. Pkt. 10c; oz. 15c; ¼ lb. 35c; lb. $1 25.

BLACK SPANISH WINTER. One of the latest as well as the hardiest of radishes, and is considered an excellent sort for winter use. Pkt. 5c; oz. 10c; lb. 65c.

CHINA ROSE WINTER. The best winter radish in cultivation. Pkt. 5c; oz. 10c; lb. 65c.

Rhubarb. (Pie Plant.)

MONARCH. The most vigorous and productive variety known. The leaf stocks are very numerous, the longer ones being fifteen to twenty inches long and fully one and one-half inches wide. Pkt. 5c: oz. 15c.

Salsify, or Oyster Plant.

LONG SMOOTH WHITE. Pkt. 5c; oz. 10c; lb. $1.00.

SANDWICH ISLAND. A new improved type of this excellent vegetable. It produces roots of nearly double the size and weight of the old variety, and of equally good quality. Although of recent introduction, it has been extensively grown for the markets of the large cities, and in such instances has entirely superceded the old sort. Pkt. 5c; oz. 10c; lb. $1.25.

Spinach.

ROUND THICK LEAF. Pkt. 5c; oz. 10c; lb. 30c.

LONG STANDING. Pkt. 5c; oz. 10c; lb. 30c.

LONG STANDING PRICKLY. Pkt. 5c; oz. 10c; lb. 40c.

Squash.

ROCKY MOUNTAIN. (See Fourth Page of Cover.)

WHITE BUSH SCALLOPED. An early market variety. Pkt. 5c; oz. 10c; lb. 50c.

GOLDEN CUSTARD The color is a dark rich golden yellow, and for quality cannot be excelled. It grows in bush form, and is wonderfully productive. This is a novelty of real merit; try it. Pkt. 10c; oz. 25c; lb. 75c.

YELLOW BUSH SCALLOPED. A sub-variety of the white bush, principally differing in color. Pkt. 5c; oz. 10c; lb. 50c.

LONG WARTED, OR SUMMER CROOKNECK. Early, productive, and the best for summer use. Pkt. 5c; oz. 10c; lb. 50c.

BOSTON MARROW. A much esteemed variety, coming in about ten days later than the bush sorts; color, rich orange. Pkt. 5c; oz. 10c; lb. 50c.

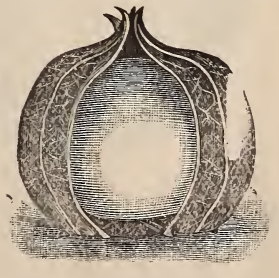
HUBBARD. A favorite winter squash, and more largely grown as a late sort than any other; of large size, flesh fine grained, dry and of excellent flavor. Pkt. 5c; oz. 10c; lb. 50c.

MARBLEHEAD. An excellent variety, color of shell blue. It is remarkable for its combination of sweetness, dryness and delicious flavor. Pkt. 5c; oz. 10c; lb. 50c.

PERFECT GEM. Small, flattened, slightly ribbed. of a creamy white color, flesh fine grained, dry, sweet, and of good flavor. Pkt. 5c; oz. 10c; lb. 50c.

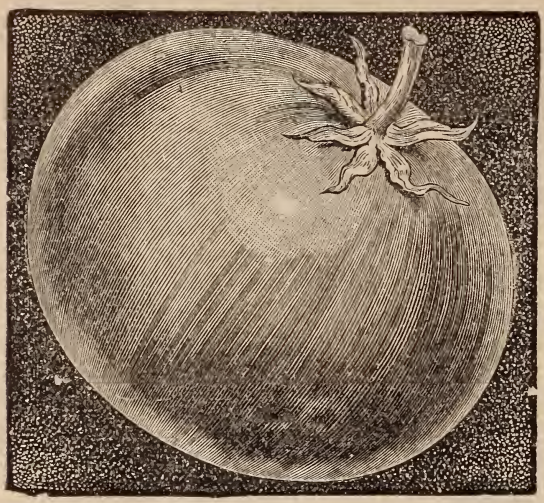
Tomato.

STRAWBERRY OR GROUND CHERRY. Unequaled for canning, preserving and pies. Dried in sugar as raisins or figs, they are unexcelled. They have a strawberry flavor, and produce fruit in great abundance. In sections devoid of fruit, many esteem them highly. A great curiosity and sell well in market. Pkt. 10c.



Rocky Mountain Squash will Keep Two Years.

Tomato.

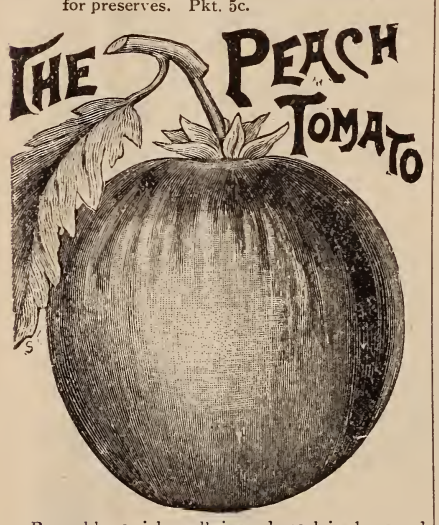


PEAR SHAPED. Used for preserving and pickling. Pkt. 5c.

YELLOW PLUM. A beautiful variety, used principally for pickling. Pkt. 5c.

RED CHERRY. A small early variety, size and shape of cherry, for pickling. Pkt. 5c.

RED CURRANT. A small and pretty sort, grown for preserves. Pkt. 5c.



Resembles a rich, well ripened peach in shape and appearance, seeming to have the very bloom or furze of the peach upon its surface. It is, by far, the most delicious tomato known, and its equal in *delicacy* and *flavor* does not exist in the tomato family. When two-thirds ripe it has the appearance of wax-work, and is often so taken. Many persons admiring it have exclaimed. "What beautiful wax-work!" It is also very prolific; the largest vines we ever saw were of this variety and heavily loaded with fruit. Pkt, 10c; 3 pkts. 25c.

New Golden Queen.

A fine new yellow sort, of first-class quality. It is solid, very smooth, free from ridges, large in size, ripens up evenly, and is very handsome; in fact, by far the most beautiful yellow variety ever sent out. The larger and riper fruits are frequently tinged with red at the blossom end. None is better for preserving or slicing. The handsome golden-yellow slices make a beautiful contrast in a dish with red tomatoes. It has very little acid and the quality is excellent. Try it. Pkt. 10c; oz. 25c.

LIVINGSTON'S ACME. This tomato is one of the earliest and handsomest varieties yet introduced. Pkt. 5c; oz. 15c; lb. $2.50.

NEW DWARF CHAMPION. Last season's trial convinces us that this is one of the most distinct and valuable tomatoes of recent introduction. It resembles no other variety, being of dwarf, stiff habit, so much so as to scarcely need any support. The foliage has a peculiar corrugated appearance, and is of a very dark green color. It is very early and wonderfully prolific. The fruit is of the rich red color, and, while of medium size, is perfectly round and smooth and contains so few seeds that it is really more "meaty" than many Tomatoes twice the size. Pkt. 5c; oz. 20c; lb. $3.00.

Tobacco.

CONNECTICUT SEED LEAF. Pkt. 5c; oz. 25c.

HAVANA, IMPORTED. Pkt. 5c; oz. 25c.

GENERAL GRANT. The earliest tobacco in cultivation, particularly adapted for growing in the Northern states. The leaf has extremely small veins of the finest texture, and very elastic. Pkt. 10c; oz. 25c.

Turnip.

EXTRA EARLY PURPLE TOP MUNICH. Must occupy the same place among turnips that the Eclipse variety does among the beet family—that of being the earliest of all. Pkt. 5c; oz. 10c; lb. 60c.

WHITE TOP STRAP LEAF. This and the preceding are the two best kinds for spring sowing and for garden culture. Pkt. 5c; oz. 10c; lb. 60c.

SWEET GERMAN. This celebrated turnip is white, sweet, a long keeper, and generally solid until mid-summer. It should be sowed as early as the Swedes. Pkt. 5c; oz. 10c; lb. 60c.

WHITE EGG. A very excellent variety, nearly oval, or egg-shaped; flesh firm and fine grained, and of snowy whiteness; particularly desirable for the table; can be sown as late as the middle of August. Pkt. 5c; oz. 10c; lb. 60c.

Turnip—(*Continued.*)

PURPLE TOP STRAP LEAF. Pkt. 5c; oz. 10c; lb. 50c.

EARLY FLAT DUTCH. An early garden variety resembling White Strap Leaf. Pkt. 5c; oz. 10c; lb. 50c.

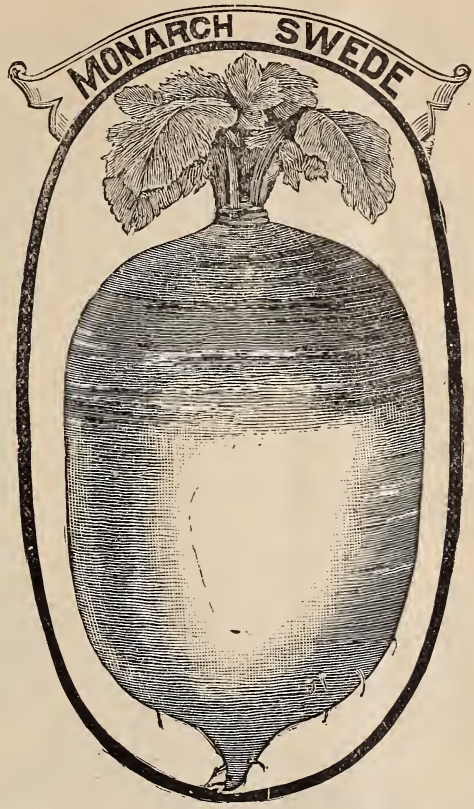
Rutabaga, or Swedish Turnip.

OSCAR H. WILL'S IMPROVED PURPLE TOP YELLOW. It has proven itself to be the hardiest and most productive rutabaga in this section. Pkt. 5c; oz. 10c; lb. 75c.

WHITE SWEET. A large, white, solid Swede, sometimes called White Russian; also London Extra Swede. Pkt. 5c; oz. 10c; lb. 50c.

SHAMROCK. One of the finest Purple Top varieties in cultivation; grows with small top and very few leaves; an excellent keeper and good for stock and table use. Pkt. 5c; oz 10c; lb. 50c.

CARTER'S IMPERIAL HARDY PURPLE TOP YELLOW. A most excellent sort either for table use or feeding stock. Flesh yellow, solid, firm, sweet, and rich. It is a hardy sort, yields heavily, with no tendency to long necks. Pkt. 5c; oz. 10c; lb. 50c.

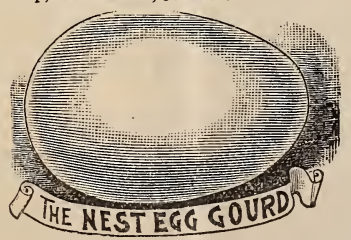


Monarch Swede. (See Cut.)

A new and perfectly distinct variety of Swede. For EARLINESS, QUALITY and WEIGHT, we claim it superior to any variety in cultivation, producing from two to seven tons per acre more than any other Swede, whilst the large percentage of saccharine matter contained in the root makes it very palatable and nutritious to stock fed on it. "Monarch Swede" is of handsome shape and distinct appearance. Pkt. 5c; oz. 10c; lb. 50c.

Herbs.

Anise, Balm, Sweet Basil, Caraway, Coriander, Dill, Dandilion, Horehound, Hyssop, Lavender, Rosemary, Fennel, Sweet Marjoram, Thyme, Saffron, Sage, Summer Savory, Catnip, Wormwood, 5c each.



Grows exactly in size, color and shape of an egg; do not crack and are uninjured by cold or wet; they make the very best nest eggs. The plant is a rapid growing climber, and very ornamental for covering screens, etc. Do not plant the seed until all danger of frost is over. Pkt. 10c

LUFFA, OR DISHCLOTH GOURD. Pkt. 10c.

THE DIPPER GOURD. Pkt. 10c.

SUGAR TROUGH GOURD. Pkt. 10c.

JAPANESE CLIMBING GOURD. Pkt. 10c.

Spanish Peanuts.

The Spanish Peanut is the earliest variety grown; pods are small but well-filled, and altogether considered of superior quality. For an early hog food we know of nothing better although the Iverson's Improved are vastly more prolific, while the Spanish are easiest to gather and must be harvested as soon as ripe, or they will sprout. Large pkt. 10c.

Melon Peach.

The fruit grows on vines, the same as melons, are exactly the size, color and shape of an orange, only the skin is smoother, being as smooth as glass. Pkt. 10c.

Garden Lemon.

This novelty is a member of the musk melon family; it bears fruit resembling in shape, size and color, the lemon. Pkt. 10c.

Prices of Seed Potatoes Given on Application.

Flower Seeds Worthy of Special Attention.

ALL FLOWER SEEDS SENT BY MAIL, POSTPAID.

Dwarf Bouquet Aster.

Plants only 10 to 12 inches high, producing large, double flowers resembling chrysanthemums and valuable on account of profuse late flowering. Pkt. 10c.

Aster, finest mixed ..... Pkt. 10c.
Amaranthus, tri-color ..... 10c.
Ageratum, finest mixed ..... 5c.

Alyssum Sweet.

Hardy annual, flowering from early spring till killed by frost; and all winter in the green-house if sown in the fall. Pkt. 5c.

Antirrhinum, Snap Dragon ..... Pkt. 5c.
Balsam—French mixed ..... 5c.
" Carmelia flowered ..... 10c.

Baloon Vine. (*Cardiospermum.*)

Remarkable for its inflated membraneous capsules and sometimes called Love-in-a-Puff. The flowers are insignificant, but the plant is a rapid and graceful climber. Pkt. 5c.

Bachelor's Button, Double.

The flowers of this novelty may, considering their form, be compared to those of the Gaillardia Lorenziana, the disk flowers having developed themselves into handsome globular flower heads of unique beauty. The mixture offered here not only contains the well known varieties in white, pink, light blue, light and dark red, but also some quite new shades of colors, amongst which the dark red with light blue edges and the white stripped with red and blue. Pkt. 10c.

Canary Bird Flower.

(*Tropœoleum Canariense.*)

A beautiful climber, the charming little canary colored blossom bearing a fancied resemblance to a bird with its wings half expanded. Pkt. 5c.

New French Canna.

The new French Cannas are continuous bloomers, producing their large showy flowers from early summer until late in autumn. The foliage is luxuriant and varied in color, and the plant dwarf in habit, averaging not over three or four feet in height. Their great merit, however, lies in the large size and dazzling hues of the flowers. Pkt. 15c.

Canna, Indian Shot ..... 5c.
Candytuft—Mixed ..... 5c.
" White ..... 5c.

Empress Coxcomb. (*Celosia.*)

A very striking variety, producing combs of colossal proportions. The color is a bright crimson, with a rich, velvet-like appearance; it is extremely double and well formed. Pkt. 10c.

Convolulus, Minor Dwarf ..... 5c.

Cobœa Scandens.

Although it does grandly outside, it is also a splendid house climber, and will do well running over windows in the house, and will reward the grower with an abundance of beautiful blossoms. In fact, it grows and flourishes any where. Pkt. 10c.

Cypress Vine. (*Ipomœa Quamoclit.*)

A most beautiful climber, with delicate, dark green, feathery foliage, and an abundance of bright star-shaped rose, scarlet and white blossoms, which in the bright sunshine present a mass of beauty. Planted by the side of a veranda, tree or stakes, and trained properly, there is nothing prettier. All colors, mixed, pkt. 5c.

New Dwarf Margaret Carnation.

A CARNATION THAT BLOOMS THE FIRST YEAR FROM SEED.

The plants are of dwarf, compact and neat habit, branching closely above the ground, and do not require any support. They flower most abundantly, throughout the whole year. Eighty per cent. of the flowers are very double, never burst, and embrace a great variety of colors. But of the greatest importance is the fact that **the Seedlings bloom when only three months old,** and Carnation flowers can be had all summer and winter if consecutive sowings are made. Pkt. 10c.

Dianthus. (*Chinese Pinks.*)

One of the most useful and desirable plants, and for beauty and variety of colors, and markings cannot be surpassed, ranging from pure white to the most delicate pink and glowing deep crimson. The mixture we offer is a selection from over twenty different strains, and cannot fail to give entire satisfaction. To be properly appreciated they should be seen growing, as it is impossible in our limited space for descripition to convey in words any idea of their beauty; and in large beds you can hardly find two alike. Pkt. 5c.

Unrivalled Collection of Sweet Peas on Page 12.

Double Daisy.

Sow seed very early. The flowers are abundant in early spring, and may be made to flower later by the use of water. Plants can be removed safely even when in flower. The plants should be about six inches apart when set. Choice mixed, per pkt.10 c; 3 pkts. 25c.

Escholtzia.

California Poppy. Hardy, annual, growing about one foot high, bearing a profusion of rich, yellow flowers, about 2 inches in diameter, making a blaze of color in the sunshine. Pkt. 5c.

BISMARCK PANSY.

An entirely distinct and beautiful race, which will recommend itself to all lovers of this popular flower. The plants are vigorous and compact in habit. The flowers are carried well above the foliage. They are of refined form and present a notable difference from those of all nown faces, in being of a size hitherto quite unattained in this genus. The flowers are finely formed and the richest shades of color, and have given exceptionally favorable result. Price per pkt. 15c; 2 pkts. 25c.

Pansy—Good mixed. Pkt. 5c.

See "Emily Henderson" Sweet Pea Next Page.

Giant Mimulus. (*Monkey Flower.*)

This magnificent strain of Mimulus is unequaled for beauty and size of its large and variously colored flowers, some beautifully spotted and others richly blotched with rose, carmine, crimson, etc. Makes beautiful specimens for pot culture, and is not difficult to grow. Pkt. 10c.

New Spiral Mignonette.

Seeds of Mignonette can be sown at any season, so that by having pots prepared at different times a succession of flowers can be secured, and Mignonette adorn a button-hole and perfume the house at all times. Seeds sown early in the garden will give flowers through the summer. Pkt. 5c.

Sweet Peas.

ECKFORD'S HYBRIDS, mixed. Pkt. 5c; oz. 10c; lb. $1.00.

IMPERIAL MIXED. Although the Sweet Pea is as delicately winged as a butterfly, it has the advantage of not wilting like other frail flowers, but will last all day in a bouquet, and has a most delicious perfume—vanilla and cherry blossoms in combination. Aside from the pretty flowers, every part of the Sweet Pea is beautiful, for the vine is graceful, the foliage fresh and clean looking, the pods curious, and the tendrils of interest as transformed organs. To have a display of long-continued bloom, the flowers must be plucked as soon as they begin to fade. If allowed to go to seed, the plants will not produce nearly so many flowers, nor for so long a season; and the more they are cut, the more flowers they will produce. If you want the finest Sweet Peas ever grown, you should give the IMPERIAL MIXED a trial, and be convinced of their wonderful beauty. The flowers are of a large size, and in colors surpass any other mixtures of Sweet Peas ever sent out, being rich and gorgeous, ranging from bright scarlet, carmine, maroon, rosy pink, purple, indigo blue, pure white, black striped, laced and shaded, many of them, soft and charming shades, suffused with an entirely different color, resembling frost work, all distinct, beautiful and novel colors. Price per pkt. 5c; oz. 15c; lb. $2.00.

"Emily Henderson." Queen of the White Sweet Peas.

A GLORIOUSLY beautiful acquisition of American origin. **Absolutely pure white,** as clear as alabaster and as lustrous as satin. The flowers, of **remarkable substance,** are borne on long stiff peduncles, are **extra large,** with broad, round standards that stand up boldly without reflex or curl.

The plants are robust, compact and branching, producing such a prodigal abundance of flowers, that the plants appear as if covered with snow. From one plant, specially cultivated we have cut in one season the seemingly incredible number of 1035 **sprays** of bloom. **In earliness,** it outrivals all competitors by nearly two weeks, and continues a veritable "cut-and-come again" to the end of Autumn. The fragrance is most delicious and distinct. Pkt. 15c; oz. 50c.

One Pkt. each named sorts on this page 50c.

Phlox Drummondii.
(Star of Quedlinburg.)

This novelty is of an extraordinary character. The growth is dwarf, and the habit very compact. The pointed center teeth of the pedals (five in number) are four or five times as large as the lateral ones and project beyond them like little spines. The flowers appear to have a star-like form, thus producing a most brilliant effect. Finest mixture of over 20 colors. Pkt. 15c.

Phlox Drummondii Grandiflora. (Superb Mixed.)

A magnificent new class, with flowers as large as those of the Perennial Phloxes. The colors we offer in our "Superb Mixture" are very positive and perfectly gorgeous in their brilliancy. Their long duration in bloom, combined with their almost unequaled richness of color, renders them of invaluable service in the flower garden, and a finer sight than a bed of Phlox Drummondii is rarely to be seen. For massing in

groups or arranging in ribbon lines, there are no flowers obtained with so little care and expense, the colors ranging in every conceivable shade. Pkt. 10c; 3 pkts for 25c.

PHLOX DRUMMONDII, common mixed. Pkt. 5c.

Shirley Poppy.

It is perfectly hardy and flowers the first season from seed. The flowers are large, exceedingly graceful and elegant. The colors are pure, soft and varied, and range from blush-white rose, delicate pink, and carmine, through innumerable tints to bright sparkling crimson. Pkt. 10c.

Prairie Fire Poppy.

Flowers fiery red, perfectly double and round as a ball. The most brilliant thing imaginable. Per pkt. 10c; 3 pkts. 25c.

Snowdrift Poppy.

Flowers pure snow white, very double, of large size and perfectly round. This is the very best double white variety yet offered. Pkt. 10c; 3 pkts. 25.

Sweet William.....Pkt. 5c.
Tropaeolum, Nasturtium, tall..... " 10c.
" Empress of India..... " 10c.
Verbena..... " 10c.

Verbena Hybrida Grandiflora.

The flowers are of gigantic size—the largest Verbena known—many single flowers being as large as a twenty-five cent piece, while the clusters of bloom are magnificent, and the range of color more varied than any other mixture. Pkt. 20c; 3 pkts. 50c.

Wild Cucumber.

A climber with green leaves and pretty white flowers and bud-like fruits, beset with deciduous barbed prickles. One of the best climbers for verandas, trellises, etc.; never suffers from the heat or being destroyed by insects like so many other good climbing plants, but retains its fresh color until late in the autumn. Pkt. 5c.; 6 pkts. 25c.

Hybrid or Hardy Annual Roses.

GEN. JACQUEMINOT. Fine for cutting or bedding; its buds and flowers cannot be surpassed for beauty or fragrance. Color rich velvety crimson, good grower. Each 35c.

MAD. PLANTIER. Pure white; blooms profusely in spring. Desirable for cemetery planting, as it is perfectly hardy and will thrive under any circumstances. Each 35c.

Hardy Climbing Roses.

PRAIRIE QUEEN. Very free bloomer, with large semi-double flowers of bright rosy-red, sometimes showing faint white stripe at base of petals. Each 35c.

BALTIMORE BELLE. Flowers pale blush, delicately shaded with carmine and rose. Clusters of large double flowers, very sweet scented. Each 35c.

The above roses should not be confounded with tender, pot-grown plants, as they are large, outdoor grown and perfectly hardy.

Hardy Ornamental Shrubs and Vines.

BULL BERRY OR BUFFALO BERRY. A native shrub with silver green foliage, bearing enormous loads of fiery red berries, about the size of an old-fashioned common red currant, and superior for making jelly. A very ornamental bush; also a valuable hedge plant, as it has long sharp thorns. Each 25c; per doz. $2.75. Can be raised from seed. Price per pkt. 25c. postpaid.

LILAC PURPLE. A fine, old favorite shrub. Each 35c.

HONEYSUCKLE HALLIANA. A fine evergreen variety from Japan, a luxuriant grower and will rapidly cover any trellis or unsightly wall. The flowers are white when first open, turning to a rich golden yellow, thus presenting both colors on the same spray. It is a continuous bloomer and very fragrant. Each 35c.

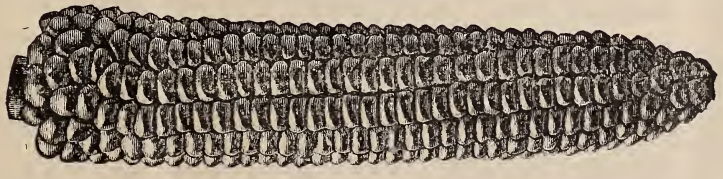
BULL BERRY OR BUFFALO BERRY. A native shrub, with silvery green foliage, bearing enormous loads of fiery red berries, about the size of an old-fashioned common red currant, and superior for making jelly A very ornamental bush; also a valuable hedge plant, as it has long sharp thorns. Per pkt. 25c. postpaid.

HIGH GRADE FARM SEEDS.

All seeds in this department will be sent by express or freight at purchaser's expense. If desired by mail add 8c per lb. No charge for bags.

Pride of Dakota Corn.



Pride of Dakota corn is the result of careful selections from the native squaw corn. It is a pure white flint corn with ears eight to twelve inches long; stalk six feet high, and two or three well developed ears on each stalk. It can be planted as late as June 25th and mature a crop, as it only requires about seventy days in a favorable season. Per pkt 5c; qt. 30c postpaid; peck 50c; bu. $1.50 by express or freight.

Will's Gehu Corn is Best. See Third Page of Cover.

Corn. (*Continued.*)

IMPROVED REE. (White Flint Corn.) Pure white, a great improvement on the common sort. Qt. 15c; bu. $1.25; two bu. $2.25; 100 lbs. $2.

Broom Corn.

IMPROVED EVERGREEN. The best for general cultivation; brush firm, of good length and a bright green color. Pound, 10c; peck, 90c; bu. $2.50; 100 lbs. $5.

Sugar Cane.

EARLY AMBER. It usually grows eleven and twelve feet high, and stands up well. When planted between the 1st and 10th of May the seed almost invariably ripens, thus giving a double crop. Pkt. 10c; lb. 15c; 3 lbs. 45c; peck, $1; per 100 lbs. $5.00.

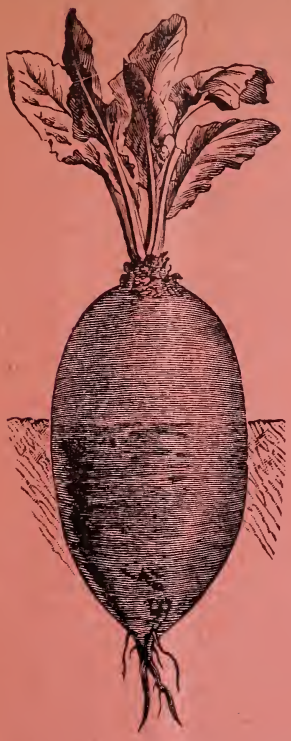
IMPROVED WHITE RUSSIAN OATS. Market price.
BARLEY—Highland Chief. This is an entirely new and distinct two-row variety of barley. Price per pkt. 15c; lb. 60c; 100 lbs. $5. New Black—It often weighs sixty pounds to the measured bushel, and will yield more bushels to the acre than any other sort. Very profitable to grow on account of its feeding qualities. Pkt. 10c; lb. 10c; 100 lbs. $6. White Hulless, per 100 lbs. $4. Common, per 100 lbs. $2.50.
BUCKWHEAT, Japanese, per 100 lbs. $2.50.
PEAS—White Canada, per 100 lbs. $4.25.

The Lincoln Oat has proved to be all, if not more, than the introducers claimed for it. I believe it to be as early if not earlier than any other oat in existence. It seems to be entirely rust proof, stands drought exceedingly well, has a very thin hull and is an abundant cropper, out-yielding White Russian, side by side, three to one. Pkt. 5c; lb. 20c; postpaid, peck 50c; bu. $1.50. Bags included by express or freight.

All goods on this page except where noted will be sent by express or freight at buyer's expense. If desired by mail add 3c per lb. for postage. No charge for bags.

MAMMOTH GOLDEN GIANT MANGEL

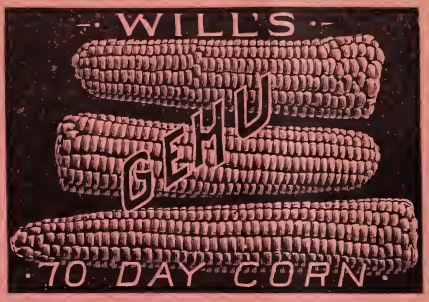


An improvement on all other **Yellow Mangels**, being of considerably greater size. Remarkably even in shape, rather enlongated, of vigorous growth. Flesh white, firm and sweet. Excellent keeper, yields 40 to 50 tons per acre. Pkt, 5c; oz. 10c; ¼lb, 20c. lb.55c postpaid. By express, lb. 45c; 5 lbs. 40c. per lb.

GEHU.

Its the Best!
Its Earliest of all!
Sixty bushels per acre, in the poorest corn year in twelve years. $25.00 in cash for largest yields per acre in 1894.

See Second Page of Cover.



This is a new hybrid flint corn of a beautiful bright glossy yellow color. I claim it to be the earliest valuable field corn in the world, and superior to all other varieties of flint corn in cultivation. Grows about seven feet high, ears two feet from the ground. It will yield from fifty to seventy-five bushels per acre, and mature in sixty-five to seventy days. I have a fair supply of 1893 crop and have fixed the price within reach of all. Don't miss it. Pkt. 10c; pint, 15c; qt. 30c. postpaid; half peck 50 peck 75c; bu. $2.50, bags included.

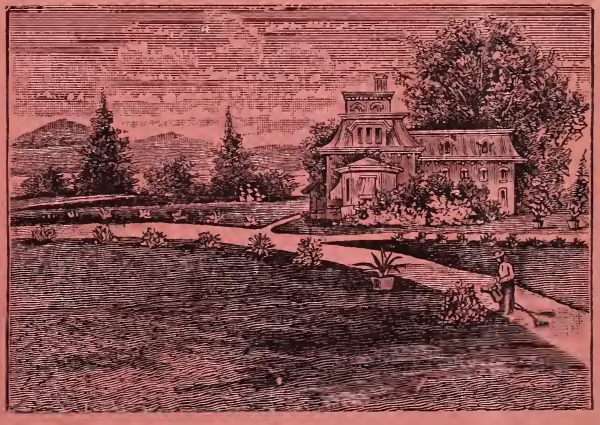
Will's Emerald Lawn Grass Mixture.

This is a mixture of choice grasses prepared for this latitude. It makes a thick heavy turf by forming a compact growth of short varieties. These, following one another in rapid succession, preserve a rich green lawn throughout the entire season. Will make a beautiful lawn in six to eight weeks.

Sixteen lbs. to the bush.

Per lb. 35c, postpaid.

By express or freight, peck $1.00, bu. $4.00.



WILL'S Y. & W. ENSILAGE CORN.

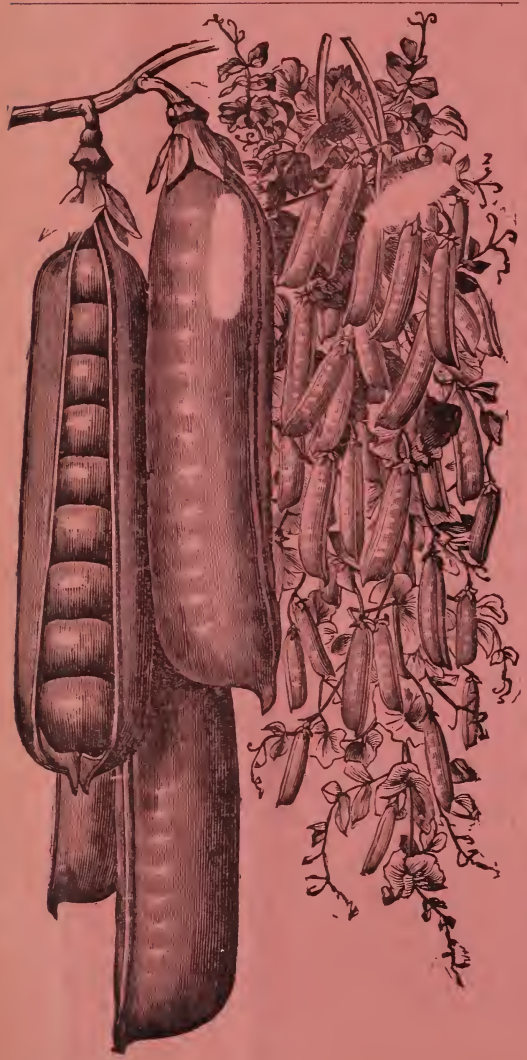
The correct fodder plant for the Northwest. It will produce more matured Ensilage than any other variety. Goes into the glazing period in from 60 to 70 days. Six feet in height.

Plant in drills 2 or 3 ft. apart, 1 to 2 bu. per acre.

Qt. postpaid 30c; by ex. or freight qt. 10; peck 50; bu. $1.25; 2 bu. $2.25.

ROCKY MOUNTAIN SQUASH.

The best winter squash in cultivation; flesh solid and thick, orange in color, dry, and of peculiar rich flavor. It is a **Sure Crop When All Others Fail.** Matures earlier than Hubbard or Marblehead Pkt. 5c; oz. 10c; lb $1.50 postpaid.



PRINCE OF WALES PEA.

(See Cut.)

Unlike many other sorts, investigation showed them to be the most popular of any variety, both to the **producer** and to the **consumer.** To the **producer** because of the **large pod, immense productiveness, freedom from mildew** and to the peculiar quality of **holding their color in the basket** even though exposed in the open market for several days; **to the consumer** on account of their **delicious flavor** and the **large amount of shelled Peas** obtainable from a **given quantity of pods.**

The Prince of Wales is what might properly be called a main crop Pea, coming in as it does about the time of the Telephone and the Stratagem. Average height of vine, 2 feet; seeds very large, yellow, wrinkled. The pods are large, although not as large as the two sorts just named; but they will produce **more pods from a given quantity of seed than any other sort,** and will give a **greater number of shelled Peas** to the **same number of pods,** thus rendering it alike valuable to both the **grower** and the **consumer.** Try them!

Pkt., 10 cts.; qt., 40 cts., postpaid. By express, qt., 25 cts.; peck, $2.00.
